

# On-Demand Streaming Lecture Presentation

Streaming Audio and Video Lecture

Synchronized Slides

The screenshot shows a lecture presentation interface. On the left, a video player shows a man speaking. To its right is a slide titled "Who Gets to Decide on What is Good Character? -- two views". The slide contains two bullet points: "Each society decides for itself: *Relativist Communitarianism*" and "There is one true definition of good character: *Universal Communitarianism*". The slide also features the United Nations logo and a photo of the UN Secretariat Building. Below the video player is a table of contents with items like "Start [Section 03]", "Communitarianism", "Central Principles", "Who Gets to Decide?", and "Universal Communitarianism". At the bottom, a control bar displays "247.5 Kbps SureStream", a "G2" logo, a progress indicator, and the time "02:52.6/13:58.7". Navigation buttons include "Section 03 - Communitarianism - 14 minutes", "Transcript", and "< Last | Index | Next >".
